MSCFE 560 FINANCIAL MARKETS :

TITLE

Abstract

This is the abstract. Each section between commands **%TC:ignore** and **%TC:endignore** is excluded from the word count.

Total words excluding heading, title, author, abstract, introduction, conclusion, notes, captions and references (but including section titles): **96** of which 19 as section titles and 77 as text (required words: 1,000 ± 200).

INTRODUCTION

The introduction is not counted in the word count[1] and this is a citation with page number, optional (Mishkin and Eakins p. 200).

We can reference a figure (Fig. 1) and the number will be updated automatically. The ~ inserts a non breakable space.
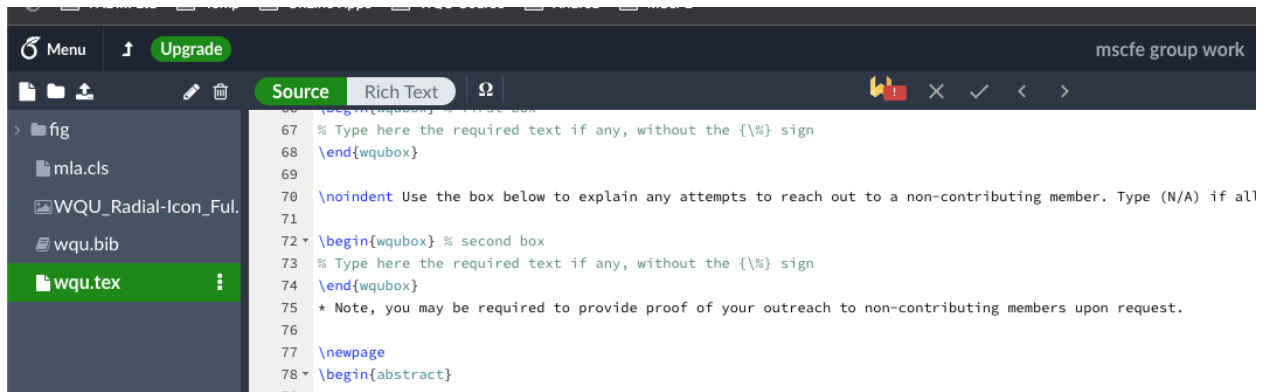

Fig. 1. *Create a project with the name you like and copy in it the files including the fig folder.*

Data Source: Overleaf https://www.overleaf.com

SECTION TITLE

The words in this section are counted. You can also add *subsections*.

0.1. THIS IS A SUBSECTION

0.1.1. THIS IS A SUB SUBSECTION

If you want also *subsubsection* are available as well as list

- one
- two
  - three
  - four

SECTION TITLE TWO

If you remove the asterisk after the command section they will be automatically numbered. Another citation without page number (Mishkin and Eakins). Pleas note that endnotes, references and citations are actually hyperlinks. Click on them and you will go to the correct position.

A numbered list:

1. one
2. two
   (a) three

(b) four

CONCLUSION

Also the conclusion is not counted in the word count.

ENDNOTES

1. This is a note
